01 · WHO WE ARE

ABOUT US

An Abu Dhabi company built around transport and site work.

Al Fun Al Jameel General Transport and Contracting – L.L.C provides trucks, heavy equipment and site teams for construction, roads, infrastructure and oil & gas projects across Abu Dhabi.

We operate our own fleet of tipper and heavy trucks alongside excavators, bulldozers, wheel loaders and backhoe loaders. When a project needs more capacity, we add vetted hired units that work under our supervision.

Our management systems are certified to ISO 9001, ISO 14001 and ISO 45001, and we hold a current In-Country Value (ICV) certificate.

02 · WHAT DRIVES US

VISION & MISSION

OUR VISION

To be the transport and site-works partner contractors in the UAE rely on first: high-quality service at a fair price, delivered by our own fleet and people, with vetted hired units when a job needs more capacity.

OUR MISSION

To understand each requirement, move material and machinery on schedule, give clients honest answers, and keep every load, machine and worker safe from origin to destination.

WHAT WE STAND FOR

- **Safety first**
  Trained operators, toolbox talks and ISO 45001 procedures on every site.
- **On schedule**
  Trucks and machines planned around your programme, day or night shift.
- **Owned & hired fleet**
  Company-owned trucks and equipment, with hired units added under our supervision.
- **Care for the environment**
  Work run under an ISO 14001 environmental management system.

> *When a client books our trucks or machines, they arrive on time, ready to work, with a crew that knows the job. Every project is a chance to earn the next one.*
>
> **— Management, Al Fun Al Jameel**
